Scope of Work

Work Locations	MOCK TOWER
Description of Work	MADERA NO CIRCUIT NO NOTIFICATIONS

SCOPE- Helicopter/Pilot to assist with TECH-0061 Helicopter Load Harness Transfer -

De-energized. This course applies to helicopter operations involving human external cargo (HEC) previously known as EHL external human load), PG&E now uses the more commonly accepted industry-wide acronym HEC. It covers the general provisions and the special safety requirements for HEC employees when they work from outside of the helicopters. Specifically, it addresses the procedural requirements for safety and work issues affecting helicopter workers that are transferring employees to and from a location, or a structure using a helicopter. HEC employees must use the procedures contained in this course when performing work that involves a helicopter. Pacific Gas and Electric Company work procedures are written to be in compliance with the Federal Aviation Administration (FAA) regulations contained in Federal Aviation Regulation (FAR) 14 CFR, Part 133, Class B, external loads.

LZ - AT HELIPAD

WL- AT MOCK TOWERS - NO ENERGIZED LINES IN PROXIMITY.

Is this work related to a storm or other event? No
