Subject: TD2422604 Helo Set Request (Correction)

Ron,

Sorry Ron, the first draft I sent over to you had some issue with the KMZ file. I'm requesting approval for helicopter on Thursday Feb 12, 2026, for TD2422604 on the Soda Springs 12 KV this Det pole requires a helicopter set due to a no truck or Crane access to pole 4541100E Sta 1/2, I have attached a KMZ file with the flight path and have also included a flight request form with all the information required for this fly job. Please let me know if you have any questions or require any additional information and I will provide asap.

Thank you,
